

FREE STATEMENT AUDIT

Do not switch on a promise.

Switch on verified savings.

We compare three recent statements, explain the economics and recommend a new processing solution only when the savings are worthwhile.

30%

average savings identified for
Merchant Audit clients

Individual results vary.

A proof-first process

1

BOOK

Choose a consultation time by emailing your sales representative.

2

SEND

Provide three recent merchant processing statements for analysis.

3

VERIFY

Receive a line-by-line comparison of current cost and projected savings.

4

DECIDE

Switch only if projected savings are at least \$200 per month and the business case is clear.

TRANSPARENT BY DESIGN

The audit is free and carries no obligation. If you select a recommended solution, Merchant Audit may receive referral or residual compensation from the processor.
